

How to process orders and activate licenses

Whether you're starting a new order or renewing an existing one, this guide breaks down how to set up a subscription on the WebShop, pick your preferred plan, and kick off your license activation.

WebShop

GFI LanGuard MSP is integrated into the WebShop, where both the usage-based plan and the unlimited monthly flat-rate plan can be ordered.

1 When creating a new subscription, select "GFI LanGuard MSP" from the product dropdown.
